Re: Fiduciary Trust International - Two World Trade Center - 96th Floor,
TAA 002109 - Submission Two - Review Comments Self Certification

Dear Mr. Bonsignore:

This letter responds to your transmittal dated February 17, 2000, requesting a review of the documents listed on Attachment A to this letter. Tenant Alteration Application 002109 which was Released for Construction under the Professional Certification Program on February 22, 2000, has been reviewed, producing the base building comments listed in Attachment B to this letter.

This job will not be audited by Quality Assurance Division.

Any changes to the scope of work must be submitted to the Port Authority of NY & NJ for review prior to the commencement of associated work. Only contract documents reviewed by this office are to be released to the field for construction.

Incorporate the requirements of the comments into the construction documents, respond to them in writing and submit the required information for our record along with eight (8) sets of the revised drawings by April 28, 2000. The revised documents must be signed and sealed by a professional Engineer or Registered Architect licensed to practice in the State of New York. Please indicate all revisions and dates clearly.

All correspondence or inquiries should be directed to me at The Port Authority of NY & NJ, One World Trade Center, 88 South, New York, New York 10048, (212) 435-2562, Fax (212) 435-8168, Pager 1-888-428-3879.

Sincerely,

Thomas R. Pulvirenti

TAA 002109, Submission 2, Review Comment

WORLD TRDE DEPARTMENT

ARCHITECTURAL

1. Dwg. A-1: Clarify if the space adjacent to the new partition is a corridor. Identify the area. State is on the plan(s). If applicable, indicate detail #1 as a rated one hour partition. Include the UL number and provide the applicable rated sealant at the top and bottom of the partition.

2. Clarify if the ceiling is new or existing to remain. If applicable, indicate which tiles are to be removed. Refer to the WTC Architectural/Structural Design Guidelines to include the standard details for suspended ceilings.

3. Indicate by note whether Fiduciary Trust is a full floor tenant.

4. Dwg. A-1: Add note for As-built drawings. Refer to the Architectural WTC Design Guidelines page 6.

5. For reference purposes indicate the base building stair designation, i.e., "Stair A."

ELECTRICAL

1. Indicate if tenant is metered or surveyed.

FIRE ALARM

1. Dwg.-201, 1/11/00: Reject, incomplete base building fire alarm submittal.

2. E-301, 1/11/00: Resubmit completed fire alarm designation including TSC/ATC details.

3. E-302, 1/11/00: Circuit routing, load tables, approved equipment model number, etc.

   Contractor(s) cannot be delegated WTC Base Building Fire Alarm System design function.

   Recommend contracting the WTC Base Building Fire Alarm vendor, Siemens Cerberus Division, Special Projects, 1-800-834-3834, for technical assistance.

STRUCTURAL

1. Dwg. A-1, Reflected Ceiling Plan, Detail 5, Lay-in Ceiling Detail: Please use World Trade Center Standard Details for light weight ceiling support system for floors with double trusses, Drawings STR-09 through STR-14 for upgrade of the ceiling support system. Please include these details in the contract drawings.

Attachment A – List of Comments
Fiduciary Trust International
Two Trade Center, 96th Floor
TAA 002109, Submission 2, Review Comment

WORLD TRADE DEPARTMENT

STRUCTURAL - Continued

2. Dwg. A-2, Occupancy Plan, Detail 1, Part Occupancy: The proposed core holes in the slab for the electrical feeds appear to be located in "RESTRICTED" and "PROHIBITED" zones of the floor. If this is the case, the core in the "PROHIBITED" zone must be relocated. The core in the "RESTRICTED" zone must be labeled as such on the plan. The location of the hole should be dimensioned on the drawings using the face of the exterior glass as a reference. Any damaged slab reinforcement must be repaired in accordance with WTC Standard Details, STR-06 through STR-08, which must be included in the contract drawings. Note to the contractor should be included on the drawing advising the use of a bar locator or electric hammer to avoid damaging slab reinforcement. See WTC Structural Design Guidelines and Specifications for coring criteria

FIRE PROTECTION

1. Dwg. FP20: Design criteria for static pressure on this floor, 96th floor of Two World Trade Center is 77.9 psi, not 67.5 psi.

2. Dwg. FP401: Delete the detail of "Concealer Sprinkler Head Reliable Model G-4FR Model G4FR is not permitted.

Re: Fiduciary Trust International - World Trade Center, 96th Floor - TAA 002109 - Submission #1 - Released for Construction

Dear Mr. Bonsignore:

This letter responds to your transmittal dated February 7, 2000, requesting a review of the documents listed in Attachment A to this letter. Tenant Alteration Application 002109 is Released for Construction under the Professional Certification Program.

Please be advised that the Quality Assurance Division of the Port Authority of New York and New Jersey may be auditing your submitted set of documents. Notification of any comments generated as a result of this review will soon be issued.

Any changes to the scope of work must be submitted to the Port Authority of New York and New Jersey for review before commencement of any associated work. Only contract documents reviewed by this office are to be released to the field for construction.

The certifying Licensed Professional referred to in the Tenant Alteration Application shall contact Mr. Frank DeMartini in writing, at One World Trade Center, 88E, New York, N.Y. 10048, 72 hours prior to start of construction, to schedule a preconstruction meeting. Work scheduling and compliance with Port Authority requirements pertaining to construction work to be performed on the premises will be discussed at the meeting. Mr. DeMartini's telephone number is (212) 435-3212; fax number is (212) 435-2408.

All correspondence or inquiries should be directed to Thomas Pulvirenti, Project Manager, at The Port Authority, One World Trade Center, 88 South, New York, N.Y. 10048, (212) 435-2562, fax (212) 435-8168.

Sincerely,

John Castaldo, General Manager
World Trade Department
